Dear Dr. Tang:

The Scientific Director and CTR's staff have discussed your letter requesting partial support for the above cited conference. This meeting is in an area in which we have interest. Unfortunately, competition for research funds has meant that we are unable to approve a number of meritorious requests for meeting support this year. Although we are unable to lend assistance for this particular conference, the Scientific Staff and I hope you will not hesitate to contact us about partial funding for future meetings.

Sincerely,

Arthur D. Eisenberg
